## 9/11-Mainstream-Media-Distrust-Day

From today on we declare that the 11<sup>th</sup> of every month is in the method of Mahatma Gandhi

**a Mainstream-Media-Distrust- & Non-Cooperation / Non-Consumption Day**

**We don't spend any money on the 11<sup>th</sup> of every month!**

**And we find two more people who do the same ...**

**Start-Date: 11<sup>th</sup> September 2009**

"I keep them stupid and you keep them poor ...!" (Media-Mogul to the Banker)

How stupid they think we are? \*!ç%&!//!!

**2** planes were there in New York and **3** high-rise buildings have collapsed in free fall (including the 150m high WTC 7, which collapsed 8 hours later)! The three skyscrapers of the World Trade Center collapsed not due to the (certainly occurred) air attacks, but they were also **blown up from the ground**. The official version of the mass media and governments of a few Islamic terrorists with box cutters is **nothing else than an official conspiracy theory!**

**"9/11 was an Inside-Job!" – The start of the economic crisis, & a new "Reichstagsbrand" (false flag operation) for 2 wars with over 1 million deaths!**

And our remote-controlled mainstream-medias remain cowardly in silence ...

**A day without spending money should not be a problem for all of us. IF ALL of us join together on that day, this is so sensitive to the economy and will give a clear signal!**

**Food, train tickets, etc., can easily be purchased one day in advance.**

Let us start a info-snowball-system by EACH OF US, to encourage at least two people and ensure that these encouragers find at least two more to be involved etc. (if the counterparty is printing tonnes and tones of free-newspapers we are starting info-snowball-systems ...)
